

EDUCATION

Sri Eshwar College of Engineering	B.E CSE (AIML)	CGPA 8.4 (4th Sem)	2024-2028
Karura SDA High School	KCSE	80%	2020-2023
Joyland International School	PSLE	89%	2012-2019

INTERNSHIP EXPERIENCES

EduCentro

Developed an AI-based meal planning web application using the MERN stack. It provides users with personalized meal plans based on their health goals and dietary restrictions together with a chatbot integrated on the application. - [Link](#)

Happieloop Technologies

Data Analytics Intern at Happieloop Technologies where I used data collection, data cleaning, exploratory data analysis (EDA), visualization and insight generation to convert raw data into actionable business intelligence.

PROJECTS

Scam Detection Application (2025): [Github](#)

Developed a real-time scam detection platform that leverages machine learning and NLP techniques to identify harmful content across various communication channels.

Gamified AI Learning Platform for Rural Students (2026): [Github](#)

Created a learning platform specifically for Indian Rural students with the capabilities of working 100% Offline and the progress being tracked by the teachers. AI generated questions and PDF uploads and quizzes from Grade 1 to 12.

CoinVista (2026): [Link](#)

Developed an AI-driven cryptocurrency intelligence platform utilizing real-time blockchain analytics, AI-driven trading insights, Web3 verification, paper trading, and secure SaaS subscription management with React, Spring Boot, & Python.

CERTIFICATIONS

• Python Learning Course	LinkedIn	2024
• Data Visualization in PowerBI	LinkedIn	2024
• Data Structures & Algorithms in C & C++	Udemy	2025
• Python Libraries for Data Science	SimpliLearn	2025
• Participation in IEEE Webinar	IEEE	2025
• AI Tools Workshop	Be10x	2026
• Machine Learning with Python	freeCodeCamp	2026
• Google Analytics	Google	2026

ACHIEVEMENTS

Finalist in Selfiehack:

Recognized as finalist in a multi-round hackathon focusing on problem-solving and innovation. **2024**

Third Place in Freshathon:

Achieved a third place with an outstanding project in a competitive event. **2025**

Top10 in Hack-O-Hartz Hackathon:

My team and I managed to secure the fourth place in a highly competitive 36 hours hackathon with a cash prize. **2026**

CODING PROFILES

Leetcode: Solved over 500+ problems | Global Rank – 115,124 | [link](#)

CodeChef: Solved over 1000+ problems | Global Rank - 186,793 | [link](#)

Skill Rack: Solved over 1000+ problems | Earned 12 certificates | 400+ bronze | [link](#)

SKILLS

Programming: C | C++ | Python | Java

Core Concepts: OOPs | Machine Learning | Deep Learning | Generative AI

Web Technologies: HTML | CSS | JavaScript | React | Express | Node

Database : MySQL | MongoDB | PouchDB | Dexie

Tools: VSCode IDE | Canva | Excel | PowerPoint | Jupyter Notebook | GitHub | Git | PyCharm | IntelliJ IDEA

Data Science & Analysis Libraries: Matplotlib | Pandas | Numpy | Scikit-learn | Scipy | Tensorflow | Seaborn
